## REPLY FROM RUSSIA TO FRANCE'S LETTER

Said to be Bearing on Peace Declaration.

Positions of Ships of the Hostile  
Fleets Still, a Matter of Doubt  
—Russians at Suez.

## FUTURE POLICY OF JAPAN.

Birmingham, Jan. 12.—The Post hears that the French government recently sent to Russia a statement which had a most important bearing on the peace in the Far East. This statement was considered at Monday's meeting of the Russia state council and a long reply was sent to Paris yesterday.

## Are At Suez.

Suez, Jan. 12.—Three more Russian torpedo boats arrived at Suez today and this makes seven torpedo boats now here.

## No Yellow Peril.

London, Jan. 12.—Baron Suymatsu, former minister of the interior of Japan, and son-in-law of Marquis Ito, addressing the Central Asian Society of London last evening, discussed lengthily the so-called "yellow peril." He said it was a senseless and mischievous agitation. The basic principle of Chinese civilization was essentially pacific and Japan only aspired to press onward in the same path of civilization as the countries of the west. He was in a position to declare positively in the name of Japan that when the present war was ended Japan would honestly and faithfully pursue a policy of peace, no matter in what form the contest might terminate.

## The Hostile Fleets.

London, Jan. 12.—Japanese correspondents of the morning Post consider that it is not incredible that Japanese men-of-war have reached Diego Garcia (Chagos archipelago) and point out that as High Admiral Togo is at Tokyo, the other admirals are not idle.

Vice Admiral Uriu, it is stated, has been cruising in the vicinity of the equator for some time past. The number of vessels he has is kept secret, but doubtless he is ready to do battle with the Russian Baltic squadron whenever they appear east of the seventieth meridian.

Vice Admiral Kamimura's whereabouts is somewhat of a mystery, the correspondents say, but positively his squadron is in the China sea which is in easy steaming distance of either Malacca or Sunday straits, but any way, they declare, if Vice Admiral Rojestvensky purposes to spend the ensuing weeks in cruising in the vicinity of Madagascar, it is not improbable that he will find himself assailed by a torpedo fleet.

## Submarines Arrive.

Libau, Jan. 12.—Four submarine boats arrived here from the United States and will be sent to Vladivostok by rail.

## Goes to Far East.

Tokio, Jan. 12.—The war office today granted permission to General McArthur of the U. S. army, with one aide to accompany the army of Field Marshal Oyama.

## MISSOURI MAN

Will Be Given a Place on the Interstate Commission.

Washington, Jan. 12.—The president today announced that he would appoint Senator Cockrell, of Missouri, a member of the interstate commerce commission March 4, vice Jas. D. Yeomans, of Iowa, whose term expired January 6. Yeoman will be reappointed to serve until March 4.

## TRAIN WRECK.

Las Vegas, N. M., Jan. 12.—The Santa Fe California limited train collided head-end with a freight in a dense fog this morning. One fireman is missing and three trainmen badly injured. A negro barber was killed and many passengers bruised, but none seriously.

## HANGMAN KILLED AT THE EXECUTION

Fatal Termination of Old Custom in Spain.

Condemned Man While Embracing  
Executioner, Strangled Him,  
and Was Shot.

## DOWIE'S AGENT IS IN BERLIN

Madrid, Jan. 12.—The perpetuation of the old Spanish custom today resulted in the death of the hangman during an execution at Bolchite, Aragon. The old custom is that the hangman, before placing the black cap over the victim, apologizes to the latter.

The condemned man usually forgives him and in token of forgiveness embraces the executioner.

This custom was gone through with at the execution of Louis Gomez today. The hangman apologized and Gomez embraced him. While embracing him, Gomez strangled the hangman to death. The police immediately shot Gomez.

## Dowie's Agents Active.

Berlin, Jan. 12.—Agents of "Eli-Jah" Dowie, of Zion, are renewing their propaganda in Germany. Offices have been opened at Berlin, Dresden, Lubeck, Setting, Limbach and Seidenberg. The object of the propaganda is to induce immigrants going to America to settle in Zion City.

## Jap Spy Arrested.

Amsterdam, Jan. 12.—A dispatch from Padang, Sumatra, says that a Japanese has been arrested there on a charge of spying on the Dutch defenses.

## MAN FATALITY HURT.

And Property Loss \$250,000, in Fire at Chelsea, Mass.

Chelsea, Mass., Jan. 12.—A fire broke out at 12:15 o'clock, this morning and gutted the Academy of Music, spread to the hotel Savoy and to a four story brick tenement building at the rear, and to the Park hotel. At 1 o'clock the blaze was beyond control of the local department and assistance was summoned from Boston, Everett and Revere. One fireman was fatally hurt by falling walls. The loss on the Academy of Music is \$80,000, the Savoy hotel, \$45,000 and the tenement house, \$15,000.

The fire was gotten under control at 2 o'clock with the loss \$250,000. Three men in all were injured, one fatally.

## ANOTHER REPRIEVE

Eli Bugg Will Not Hang Friday at Mound City.

Springfield, Jan. 12.—Gov. Yates' last act as chief executive of Illinois was to reprieve Eli Bugg and to pardon Herbert Hadfield. Bugg was sentenced to hang next Friday at Mound City for murder. Attorneys for Bugg made application to the state board of pardons for a respite and on their recommendation Gov. Yates granted one until January 27, as Gov. Deenen may be compelled to remain some time at his home in Chicago owing to the serious illness of his daughter, Dorothy, who is threatened with appendicitis.

A pardon was granted Herbert Hadfield, convicted of murder at the April term, 1902, of the Jackson county circuit court. The governor says there is a reasonable doubt as to Hadfield's guilt.

## PROMISING CAREER CUT SHORT BY DEATH

H. B. Logsdon, I. C. Dispatcher,  
Dies From Heart Disease.

Had Once Been High in the Railroad  
World—Has Brother Living in  
Evansville.

## HORSE CAVE FATHER'S HOME.

H. B. Logsdon, a well-known and popular young train dispatcher, died about 7 o'clock this morning at 504 South Ninth street, over the Black-nell saloon. He had been ill for a week or more and had been threatened with pneumonia, but heart disease was the direct cause of his death.

The young man came to Paducah two or three months ago to accept a position with the Illinois Central, first working as operator in the south yards, later being promoted to a place as dispatcher. He became ill two or three weeks ago and had not worked since.

It is understood he had also been drinking heavily, and his weak condition probably aided in bringing about his death. He apparently had a light hemorrhage before death, as there was blood on the floor.

Two colored porters had been with him during the night, and finally he announced that he was ill—dangerously ill, and sent for a doctor.

Dr. Horace Rivers was called, but the man was almost dead when he arrived, and nothing could be done for him. The doctor stated that the blood came from the lungs, which were in a bad fix from incipient pneumonia.

In the death of young Logsdon, who was about 35 years old, a promising career is cut short. At one time he was in a fair way to go to one of the highest positions with the Louisville & Nashville railroad, being a young man of unusual brilliancy and ability, but drink pulled him down.

He is said to have also contracted an unfortunate marriage several years ago, which also had its effect on him. Ten years ago he entered the railroad service, and had gradually risen in the L. & N. service until he was trainmaster of the Henderson and St. Louis division. He lost out entirely with the road about a year ago, and when he came to Paducah it was as an operator.

The young man comes of an excellent family. He was born at Rowlett's, this state, and his father, Joseph Logsdon, now residing at Horse Cave, Ky.

One of his brothers is railroad agent there, and the other is Supt. John Logsdon, of the Henderson and St. Louis division of the L. & N., with headquarters at Evansville. He has three sisters, Mrs. Ed. Smith, of Louisville, Mrs. Tom Heggy, of Illinois, near St. Louis, and Miss Bessie Logsdon, of Horse Cave.

His brother at Evansville is an intimate friend of Rev. G. W. Perryman, of the First Baptist church, Paducah, and Rev. Perryman often makes trips with him on his private car. He was today notified by Rev. Perryman, of his brother's death.

Coroner Crow was called early this morning, and had the remains removed to Nance and Pool's undertaking establishment to be prepared for burial. They will then be taken to Rev. Perryman's residence on North Fifth street to be held pending instructions from relatives.

Nothing is known of the wife of the deceased, or whether or not a divorce was ever applied for or granted, or whether or not she is still alive.

The remains will probably be taken to Louisville tonight, Rev. G. W. Perryman accompanying them there.

## SMALL BOY.

Dies From Drinking Too Much Whiskey.

Ripley, Miss., Jan. 12.—Joe Calvary, a twelve year old boy in the northern part of Ripley county, is dead from excessive drinking of whiskey. It is said some boys either had given him liquor or left it where he could get it and on account of his youth he did not know the danger of drinking too much of it. He was soon thrown into convulsions and lived only a few hours.

## SOLONS ASSEMBLE AT THE CAPITAL

Special Session of the Legisla-  
ture Began Today.

Message From the Governor Briefly  
Expresses the Object of the  
Extraordinary Meeting.

## NEW CAPITOL SITE PROBABLE.

Frankfort, Ky., Jan. 12.—The Kentucky legislature met in extraordinary session at noon today, called for the purpose of deciding on a site for the new state capitol. Gov. Beckham presented his message, in which he said it was apparent to all present that the capitol was inadequate, and unsuited as a place for the new capitol building. He said he hoped the legislature would be able to arrive at an early and satisfactory settlement of the matter.

The capitol commissioners are as reticent as to the probable action of the legislature, but the impression seems to prevail that a new site, probably on the south side, will be selected. Some favor a site on the hills overlooking the arsenal, but all in all the outcome of the special session is purely a matter of speculation.

A correspondent talked with the Hon. L. F. Johnson, member of the legislature from Franklin county. Like everybody else, he is in doubt, but from information gathered largely from the members themselves, he is of the opinion that the selection of a site will be left with the capitol commission, and that the Hunt property, on the south side, will be chosen. Mr. Johnson made a fight to retain the present location as the location for the new building, but is now fully convinced that a new site will be selected.

An impression prevails that the legislature will engage in a wrangle, and as a result the session may be prolonged for several weeks.

Judge Guffy, author of the amendment which caused the expense of the special session, arrived early and says he is opposed to all plans to secure another site. Replies to letter sent to members of both houses however, indicate an overwhelming sentiment for a new site. Senator Gilbert, of Murray, was among the absentees. He sent a letter to the governor saying he was in sympathy with the move to change the site.

Both houses adjourned early out of respect to Colonel Breckinridge.

## CHILD ON TRAIN.

No One Knew the Girl and She Would Divulge Nothing.

Harrisburg, Ill., Jan. 12.—A young girl, aged about sixteen, gave birth to a child on the north bound Big Four train yesterday and was removed from the train at Birds, Ill., and placed in the care of a physician. All efforts to find out her name or her home here proved futile. She will not tell anything. She boarded the Big Four train at Eldorado, and had a ticket for Fort Wayne, Ind.

It is believed she got on the Illinois Central train at Rileyville, in this, Saline county, and got off at Eldorado, there boarding the Big Four train.

## HANGED HIMSELF.

Student Takes His Life While Home-sick.

Asheville, N. C., Jan. 12.—The body of O. A. Whitaker of Paragon, Ind., student at Bingham Military Academy, was found today hanging from a tree in Victoria Woods. The coroner's jury returned a verdict of suicide. Whitaker, who was 22 years old, came to the academy ten days ago. Since his arrival the school authorities state Whitaker suffered from homesickness, and is thought he committed the deed while under its influence.

## ON A BAR.

British Steamer Ashore On Fire Island Bar.

New York, Jan. 12.—During a dense fog early this morning the British steamer Indus ran ashore on Fire Island bar, a short distance from where the Drumeller met disaster a few weeks ago. Her position is said not to be dangerous.

## THE WHOLE CABINET IS NOW RESIGNED

amity Howling—100,000 Min-  
ers on Strike.

## OTHER LATE FOREIGN NEWS.

## Will Have to Resign.

Berlin, Jan. 12.—Dr. Paasche, the national liberal leader who recently informed his constituents at Creuznach that Great Britain and Germany were on the verge of war in the latter part of December, owing to the utterances of the Army and Navy Gazette of London, may have to resign the vice presidency of the Reichstag in consequence of the severe criticism.

## To Succeed as Premier.

Rome, Jan. 12.—According to the news received at the Vatican, if the French ministry should fall, M. Paul Doumer, elected to the presidency of the chamber of deputies, will succeed M. Combes as premier, retaining Delcasse as foreign minister, or M. Delcasse himself will become premier, retaining the portfolio of foreign affairs, thus emphasizing the vital importance of the foreign relations of France, which include the controversy with the Vatican and protection of Catholics in the Orient.

## 100,000 Miners Strike.

Berlin, Jan. 12.—Nearly 100,000 miners of West Phalia district, have struck. A meeting of union leaders will be held on Thursday to determine whether the strike shall be general. The desire to have their prestige among miners influenced them to take this step.

## Banquet in Havana.

Havana, Jan. 12.—About 200 men sat down last night at the annual banquet of the American Health association. Members of the Cuban cabinet American and British ministers, the governor of the province and the mayor of Havana occupied one table. The response was made on behalf of the United States by William Bailey, of Louisville, Ky.

## Japs Get Contract.

Paris, Jan. 12.—The foreign office has received a dispatch from Shanghai announcing China has cancelled the concession of a leading British firm for building a railroad from Swatow to Chaochow and has regranted the concession to a Japanese company. This is taken as indicative of unexpected Japanese inroads upon British business and influence in China.

## Salvation Army Scenes.

London, Jan. 12.—There was another monster demonstration of the Salvation Army at Exeter hall when Frederick Booth Tucker was formally inaugurated as foreign secretary. General Wm. Booth presided and introduced Booth Tucker, who spoke feelingly of his work in America. There were the usual scenes of enthusiasm.

## Uprising in Congo.

Berlin, Jan. 12.—A dispatch to Tagliche Rundschau, from Brussels, says news of an uprising in the Congo-Free-State is not confirmed officially, but unofficial reports affirm that a revolt has broken out in the Mongalla district.

## KILLED BY ROBBERS.

Latta's death is believed to have been accomplished by robbers, but officials decline to state whether the express car was robbed. They assert no details have been received.

## REVOLT RUMORED IN RUSSIAN POLAND

Calling Out Reservists Had  
Baneful Effect.

Riots With Fatal Termination Are  
Almost Daily Occurrences  
Now.

## MUCH PROPERTY DESTROYED.

Paris, Jan. 12.—Official censorship does not prevent the real situation in Poland from being revealed here through the medium of private correspondence.

From thoroughly trustworthy sources it is learned that the country is on the verge of revolution. The calling out of reservists is the chief cause of the riots, and whenever the rioters come in contact with the united forces of the military and the police there is considerable shooting, the killed and wounded on both sides being numerous.

At Radom, as a trainful of recruits was about to pull out of the station, two railway bridges between that place and Zednia were blown up, and a goods train being between them, the line was completely blocked, in addition to being damaged. A number of soldiers took advantage of the resulting confusion to escape.

The same evening, Dec. 2, in a battle between Polish rioters marching under the Socialist flag and a party of soldiers, a Russian colonel was shot dead, together with a lieutenant, who went to his assistance, while among other victims of the fight was the Polish Socialist leader, Kwiatowski.

Rioting is also reported from Lodz, where the telegraph wires were cut and a bridge blown up on Christmas day, three policemen and a Cossack being killed. Workmen paraded the streets with a red flag bearing the inscription, "We will not be soldiers of the czar."

At Czonstochowa a monument, to Alexander II. was blown up with dynamite.

Baron Nolken, perfect of police of Warsaw, has left for St. Petersburg with the intention of resigning if Warsaw is included in the recruiting zone.

## FOUR KILLED

WRECK IN ARKANSAS—CABOOSE BURNED.

Those Who Lost Their Lives Were  
All Passengers on the Ill-  
Fated Train.

Piggott, Ark., Jan. 12.—Four persons, all passengers, were killed in a rear-end collision between a freight and a switch engine on the Cotton Belt railroad at this place last evening. The caboose in which they were riding was set on fire and the bodies of the victims were burned to a crisp.

## ACTOR DEAD.

Was a Room-mate of John Wilkes Booth.

New York, Jan. 12.—John Matthews, an actor who for a time was held as a suspect to be connected with the assassination of President Lincoln, is dead at a boarding house. Matthews was Wilkes Booth's room-mate and one of his closest friends and was on the stage in the Washington theater when the fatal shot was fired.

## COLD SOME.

Mercury 30 Below Zero at Butte, Montana.

Butte, Mont., Jan. 12.—Butte yesterday experienced the coldest day in two years, the temperature ranging from ten degrees below zero in the heart of the city to 25 and 30 below on the wind-swept bluffs.

# HE HAD FAITH And It Was Justified.

"In reply to your letter of recent date will say that I am cured as sound as a dollar. I used about three of the fifty cent packages. I was going to write you, but was holding up to see if the piles would give me any further trouble. I feel no signs of the piles and believe I am cured entirely. I had faith in Pyramid Pile Cure at the start, and stuck right to the treatment. You can refer anyone to me you like. I can soon tell what Pyramid Pile Cure has done for me. Wishing you much success, I remain, J. C. Kinkaid, Mgr. for Fleischman & Co., Agency at Knoxville, Tenn."

It is a well recognized fact that the best advertising an article can have, is that which is known as "word of mouth;" this rightfully carries more weight than all the claims which can be set forth. It follows that Mr. Kinkaid, with his wide acquaintance, will largely promote the sale and use of Pyramid Pile Cure because—and here is the vital point—he knows whereof he speaks, and not only advocates its use, but does so with enthusiasm; this is not to be wondered at, and in point of fact can anyone, after reading his letter, doubt that this remedy cures?

Pyramid Pile Cure is sold by druggists for the low price of fifty cents a package; it is in suppository form, is applied directly to the parts affected, and does its work quickly and painlessly; there is no other remedy "just as good."

A little book describing the causes and cure of piles is published by Pyramid Drug Co., Marshall, Mich., and will be sent free to any address for the asking.

## ANOTHER NOTICE

Served in Regard to the Water in New Market House

Another notice has been served on the city by Contractor George Katterjohn relative to the accumulation of water inside the new market house. The new structure is lower than the street and most of the water during a heavy rain flows into the building instead of into the gutter. Three notices have been served on the city, but the water is deeper than ever. It will probably injure nothing however, and no provision can be made for the proper drainage until the street is paved. On account of the defective drainage, no matter when the new market house is finished, it cannot be used by the butchers and others until the street is paved and the drainage rectified, unless some temporary provision is made for carrying the water off, which does not seem practicable.

## THE SECRET OF SUCCESS.

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c; regular size, 75c. For sale by DuBois, Kolb & Co.

One hundred million bushels of grain are sent every year to the mills of Duluth and Minneapolis.

# MORE SCHOOLS ARE QUITE IMPERATIVE

## New Board Has a Hard Nut to Crack.

Schools Now Get All the Law Allowances and This Is Not As Much As They Need.

## BONDS MAY BE ISSUED

The school board will have a great deal to look after when it finally gets organized. The board will have to build one new school house in Mechanicsburg, and this will cost in the neighborhood of \$6,000. The site has already been bought for \$1,000 and this work will have to be done this spring and the building completed by September.

The matter of building a new school in Rowlandtown has also been before the board for some time. The board at one time took an option on property but did not buy. The school is an absolute necessity and the board will have to make some provision for handling the children in that portion of the city either by the building of a new school or an addition to the present one, and the latter is hardly probable.

Another matter will be finances for the schools. The schools need more money this year than last, and if the 35 cent levy does not provide enough, the only relief is in the issue of bonds for new buildings. The second class charter gives a maximum of 35 cents on the \$100 to the schools, but in 1913 a 50 cent levy was not enough and with the increases in teachers and the improvements in buildings, etc., the expenses of the schools are now much greater.

One new teacher will be needed in the high school because there will be something like 40 pupils to come in this next year when the eleventh grade is promoted to the 12th. The 12th grade is small this year and fewer teachers are used, but it is said the additional teacher will be an absolute necessity next year.

The board will also have to decide on whether commencement exercises will be held, this year the 12th grade being composed of pupils who graduated last year and who can not be made to graduate again.

## LEFT \$700,000.

And His Wife, and Still Can't Get a Divorce.

Chicago, Jan. 12.—In his plea for divorce from his wife, before Judge Kavanaugh here, Frederick A. McDonald declared he was formerly one of the proprietors of a large lumber corporation in Fort Worth, Texas, being in partnership with his father-in-law. His father-in-law died and left a fortune of \$700,000 to McDonald, according to his testimony, but wife and husband disagreed over disposition of the money and the result was that McDonald two years ago came to Chicago and left all the money to Mrs. McDonald, in Texas.

The courts refused the application for divorce on the grounds that the testimony offered by McDonald failed to show that he made any determined effort to induce Mrs. McDonald to accompany him to Chicago. The court declared, however, that should McDonald take the steps to induce his wife to live with him and should she then refuse to do so, the suit might be renewed and a decree be granted.

## CAPT. KOGER

Re-elected Vice President and Superintendent.

The St. Louis and Tennessee River Packet Co. held its annual meeting at St. Louis. The old board of directors and officers were chosen. The officers are: I. T. Rhea, Nashville, president; James Koger, Paducah, vice president and superintendent; John E. Massengale, St. Louis, secretary and treasurer. The other members of the board of directors are Lee Howell, Evansville, and T. S. Hughes, Clifton, Tenn. Messrs. Howell and Hughes were not present. Capt. Koger returned home yesterday.

Looking for Drowned Man.  
The Paducah police department has been asked to be on the lookout for the body of a Cincinnati man supposed to have been drowned in the Ohio river near Cincinnati on January 6. A full description was given. The letter was signed by William H. Perry, who gave his address as 321 Sycamore street.

## NEWS OF THE RIVER.

Observations taken at 7 a. m. river 9.2 on the gauge, a rise of 0.7 in the last 24 hours. Weather clear and cold, with north winds. Temperature 30 degrees. Rainfall 1.30.  
S. A. FOWLER, Observer.

The Henrietta went to Clifton, Tenn., this morning.

The Wash Honsell arrived this morning out of the Tennessee river. The John S. Hopkins went out today for Evansville and the Joe Fowler will follow tomorrow if the ice doesn't get too thick.

The Wilford is due in today from Cumberland river.

The Russell Lord arrived this morning from Tennessee river and will leave again this afternoon for Tennessee river for ties.

The Charles Turner arrived this morning from Cumberland river. The Dick Clyde is on the docks for repairs.

The Kentucky is due out of Tennessee river tomorrow.

The Clyde left last night for Tennessee river.

The Dick Fowler went to Cairo this morning on time.

The ice is coming a little thicker today, but it is thought will interfere with steamboating but little. The rains yesterday melted the ice a great deal and this morning the river floated but comparatively few flakes. It has been slowly increasing since but is probably coming out of the Wabash.

The Margaret and Duffey are due Saturday from Tennessee river with ties.

Capt. Ed Woolfolk and Mr. Fred McKnight have returned from a trip up Tennessee river with the Monte Bauer, bringing out two barges of lumber which were taken to Brookport, Ill., to be shipped to Grand Rapids, Mich.

It is the opinion of river men that the present lockout will not last many days. It is a black eye to boatmen and a drawback to boatsmen. The Barrett with a big tow of lumber passed Memphis coming up Monday.

The Monongahela River Consolidated Coal and Coke Co. recently won a suit in court, the facts of which are interesting to owners. While en route to New Orleans some time ago a deck hand jumped one of their boats at Memphis, Tenn. He sued the owners for his wages. The court decided in favor of the owners and the deckhand lost all that was due him because he failed to make the trip. The case also brought out the fact that when a deckhand "jumps" a boat he lays himself liable to prosecution for breach of contract.

The body of Walter Bobb, the engineer of the tug Joe Seay, who was drowned when the boat went down, was found floating in the river a short distance below Vicksburg last Sunday. Although the body had been in the water nearly six weeks, it was in a good state of preservation when found. A dangerous obstruction was sunk by the Jack Frost last Saturday at Nine Mile Dike. She sank a barge of cinders directly in the middle of the channel about 150 yards from the Kentucky shore, opposite the dike. Pilots are warned to go as close as possible to the Ohio shore in order to avoid the obstruction. There was 5 feet of water over the top of the barge Monday.—Courier-Journal.

## UMBRELLAS GONE.

Thief is Successful at Many North Side Homes.

## FROM KENTUCKY.

Trigg County Man Marries a Mere Girl.

Ephraim D. Osborn, a gray-haired of 58 long years, entered the office of County Clerk Jesse E. Miller this afternoon and applied for a marriage license, says the Cairo Citizen. When asked the age of his choice he replied that she was 19 years old. "What?" exclaimed Mr. Miller, "do you intend to marry a young girl like that. Why, you are almost old enough to be her grandfather."

"Yes, that's true," replied the man, "but I love her and she loves me, and as I am all alone in this world, I asked her to marry me and she consented."

"All right," said Mr. Miller, and he issued the license.

The young lady remained at Uncle Joe's hotel until her aged lover returned with the precious and sacred papers that gave them the right to join hands and hearts for life.

Uncle Joe Steagala performed the ceremony, after which the couple went their way—a happy union.

They reside at Canton, Trigg county, Ky.

## 2,000 PHOTOS

Ordered By An Illinois Man While On a Jamboree.

An Illinois man, while on a "high lonesome," indulged in a costly whim. The Harrisburg Chronicle thus relates:

Mr. Syvester Brockett, proprietor of the photo car, was arraigned before Esq. J. O. Vinson Tuesday on a charge of larceny preferred by W. N. White. The case is a very peculiar one in many respects and a great deal of interest is manifested in the trial.

Some two or three weeks ago, to state facts briefly and without comment, Mr. White, while "crazy" drunk, sent for the defendant to come to his house and take his picture. Mr. Brockett went, made two negatives, and Mr. White ordered a thousand photos from each, giving him two \$500 checks in payment, the photos being 50 cents apiece. When Mr. White recovered from his overdose of booze the next day he wanted to countermand the order and recover his checks, but the defendant had already cashed the checks and would not entertain a proposition of that kind. Then Mr. White had the warrant issued for his arrest on the charge of larceny.

About twenty witnesses were examined and at the conclusion of the evidence Wednesday a continuance was taken until Saturday to allow the court time to look up and digest the authorities cited when he decided in favor of Mr. Brockett.

Mr. White has also brought suit in the circuit court to recover the \$1,000.

Rev. Carlisle P. B. Martin, L. L. D. Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25c, 50c and \$1.00. Sold by DuBois, Kolb & Co.

Dr. Perryman has not made a decision yet. The Knoxville church has a membership of about 600, and is consequently a smaller church than the one here.

### HOPE FOR PEACE.

Unless There Is Harmony There Will Be No Baseball.

The most general expression among lovers of baseball in Paducah is the hope that the K. I. T. league will harmonize, and prepare for a successful season. All talk about Paducah not wanting to be in a league with Cairo is silly. As a business proposition, Paducah could not afford to be in a league without Cairo, for Paducah and Cairo have during the two years of the Kitty league virtually kept the league on its feet, and Cairo has always made a better showing of patronage than Paducah.

The general opinion is that unless the constitutional changes desired by Cairo are made throwing each club on its own ability to make expenses, there will be no Kitty league, as with Cairo out Paducah would have to support the league, as it now stands. The matter will be decided in Paducah January 29.

### SCHOOL BOARD

NEW TRUSTEES WERE NOT INSTALLED LAST NIGHT.

Capt. Ed. Farley Elected a Trustee From the Sixth Ward in Mechanicsburg.

The board of education did not install the new members last night as two of the newly elected trustees did not appear to qualify, and it was learned that one of them, Mr. Henry McGee, who was previously nominated by Mr. Morrison, a democratic member, and elected a trustee, was ineligible by reason of being a member of the board of health.

Dr. Bass was not present and it is understood will not serve. Hence the organization and election of a president was postponed until next Monday night.

The board met shortly before 8 o'clock and when organization was attempted it was found that Dr. John son Bass, elected to fill the vacancy caused by the resignation of Trustee J. A. Cole, had refused to serve. It was also learned that Mr. Henry McGee, elected to fill the vacancy of Mr. W. R. Jones, in the Sixth ward, did not seem to want to qualify, and was moreover ineligible because of his membership in the city board of health. Captain Ed. Farley was elected to fill the vacancy in the Sixth ward and the board adjourned, leaving the filling of Dr. Bass' place until Monday, when it intends to organize thoroughly and elect a president.

The other trustees re-elected to fill the vacancies, Trustee B. T. Davis, Arch Sutherland and U. S. Walston all agreed to serve and Monday there will be no delay in installing the new members and electing a president.

### AN ASSISTANT

Commissioner Rose's Efforts Rewarded by Underwriters.

Insurance Commissioner C. C. Rose has been allowed an assistant because of the increased duties of his office.

The business has grown so in the past year that Mr. Rose found it impossible to do without an office assistant and the underwriters considered it agreed to give him one.

Miss Hallie Young has been given the position and will be in the office constantly all through the day.

The increased duties of the commissioner is very good evidence of the growth of the insurance business in Paducah generally.

### LITTLE DAMAGE.

But Derailed Cars Caused Considerable Delay on the I. C.

The local I. C. wrecker was sent to Iron Ore Hill last night to replace several derailed coal cars. Five "gons" were off the track and the fast passenger trains were delayed by the accident. Train No. 103, from Louisville to Memphis, was delayed three hours and No. 104, from Memphis to Louisville, which arrived two hours late to start with, was delayed about one hour at the place of the derailment. No one was injured and the equipment reported but slightly damaged.

### AT PRINCETON

A Paducah Officer Will Testify in Box Car Case.

Officer Aaron Hurley, who last night returned from Greenville, where he had been a witness in a murder case, left today with Officer Scott Ferguson for Princeton to appear against the three boys arrested here last week for breaking into a box car and stealing shoes. Officer Hurley has been kept busy of late but will go to work tonight after his return from Princeton.

Officer Dick Wood, first extra, who is serving in Officer Hurley's place, will go in to fill the position of Officer Moore, who is now a detective, regularly and Second Extra Moore Churchill will take Wood's place. This will call for the election of an extra to fill Officer Churchill's place.

### Board of Works Tonight.

The board of public works will meet this afternoon for the purpose of making out an estimate of expenses for this year. The board had many figures to go over and the work had to be done before tonight when the mayor has to have a called meeting of finance committee to make out the apportionment ordinance.

### WHAT TO DO WITH THE HOLIDAY BOOKS

Is a leading question in thousands of American homes whose libraries have suddenly outgrown all the available book shelves. An easy solution to this perplexing question is found in the Globe-Wernicke catalog of "Elastic" Bookcases—it is an authority on how to furnish a growing library. Describes the greatest variety of sizes of bookcases—units in the greatest variety of finishes. Every unit or section is now equipped with a door equalizer that is a positive guard against bending. See demonstration in our store. The Paducah Furniture Mfg. Co., 114, 116, 207 and 213 South Third Street.

### Theatrical Notes

The most popular comedies of today are those which introduce characters taken from the comic caricatures in the Metropolitan papers with which one is acquainted and familiar with the laughable incidents and pictures. Such a play is "Happy Hooligan" and the characters all seem to be flesh and blood creatures, somewhat exaggerated in their stage appearance, but easily recognized as if they had walked in from the pages of these well known publications. There are three acts, each crowded with songs, dances and mirthful specialties that there is never a dull moment while the curtain is up. At the Kentucky Saturday matinee and night.

Beginning with New Year's week, music lovers south of the Mason and Dixon line had their first opportunity to hear grand opera as it is sung in English by the Savage Grand Opera Co. In the nine years since this standard American organization was founded in Boston, Mr. Savage has never taken his company south of Washington.

This year with a train load of scenery for the repertory, with a company numbering 150 people, a full grand opera orchestra under two conductors and a staff of three men in advance, the organization will visit the principal opera-loving points on its way from Baltimore to New Orleans. After a week in the home town of French opera, the company starts west for six weeks of opera in California, returning by Salt Lake and Denver.

The repertory includes Puccini's "La Boheme" and "Tosca," Verdi's "Otello" and "Trovatore," Wagner's "Lohengrin" and "Tanhauser," "Carmen," "Pagliacci" and "Cavalleria Rusticana."

There will be January engagements in Norfolk, Richmond, Columbia, Charleston, Savannah, Augusta, Atlanta, Birmingham, Montgomery, Mobile, New Orleans, Jackson, Vicksburg, Greenville, Memphis, and possibly other cities.

Richard Golden, of Henry, W. Savage's "Common Sense Bracket" company, tells the following amusing instance of English "as she is spoken." The comedian had returned from a rehearsal and was sitting reading the paper. His wife came in to the room and began twisting herself around in an effort to see the back of her new blouse. By the tense lines and pouting aspect about her lips he knew that her mouth was full of pins. He knew it anyway without looking for those symptoms.

"Umph-got-wuff-wuff-sh-thbf-fy-f," she said.

"Yes, it looks all right," he answered.

"Of course it does," he assured her, glancing over the top of the paper. "It fits like the paper on the wall."

"Sw-ssh-uguz-woll-gph-m-mm-sh-p-z-z," she said stamping her foot.

"Didn't I tell you it was all right?" asked the comedian lowering the paper. "Maybe it needs a little taking up in the shoulders, but nobody could notice it."

Hastily letting the pins fall from her mouth to her hand, she cried: "I've asked you three times to raise the window blind so that I could get more light. It's a pity you can't understand plain English."

Beginning on Monday night next, the Cutter & Williams Stock Co. will play an engagement of five nights, with the usual matinees, at the Kentucky. The opening play will be "A Man of Mystery" to be followed by selections from the following: "Dr. Jekyll and Mr. Hyde," "A Desperate Woman," "A Runaway Wife," "A Gambler's Daughter," "Camille," "A Daughter of the South," "East Lynne," "Eagle's Nest," "A Woman's Devotion," etc. On Monday night ladies will be admitted free.

A letter received this morning from Miss Aline Bagby by her father states that her company, "The Simple Life," will open its season at Bridgeport, Conn., January 23, and will probably come direct south. The date of the company's appearance here has not been fixed.

## Daily Thought.

Although we may never be able to fully realize our ideal, yet we be to us if we have no ideal to realize.

—Whately.

## The Weather.

Fair and colder tonight with a cold wave Friday. Fair and colder in east portion.

## THE FEELING GROWS.

There is evidence every day of the growing popularity of the President, especially in the south. Much of the hostility shown towards him before the election was due of course to politics, but that election was an eye-opener. The southern people are finding out that he is one of their best friends, and those who have met him have found him anything but the kind of man he has been pictured to them.

One of those who has found out his mistake is the mayor of Birmingham, Ala., a life-long democrat, and a man who has few superiors in the councils of his party in Alabama. Mayor William Drennen has just returned from Washington, where he saw for himself. He is back home, and this is what he says to the south and the whole world:

"We've got a man up yonder in Washington that's president of all the people all the time. I went to Washington last Tuesday night, imagining that President Roosevelt was a brusque, abrupt, burly, strenuous, boisterous, domineering personality, a sort of half crank and half genius a cross between a broncho buster and a sword-swallower.

"I came back to Birmingham convinced that there is not this round world over a more gentle, refined, gracious, winning, cordial, sympathetic or lovable gentleman than the man who greeted us last Friday at the White House.

"I believe that every one in our party who had the pleasure of meeting the president left the White House satisfied that the Chief Magistrate of this country of ours is a great and good man. The feeling with all of us was strong that he is one of the best and greatest men who have yet held that exalted office.

"President Roosevelt is manly through and through. He is proud of his country and of his countrymen. Unless I miss my guess he will grow steadily in public estimation, and will leave the White House one of the most deservedly admired presidents we have ever had."

The mayor thinks that the board of works cannot issue \$20,000 worth of bonds without a vote of the people, but the mayor often thinks

things. He thought he would not have to appoint a councilman to fill the vacancy occasioned by a republican failing to qualify, and he displayed his wonderful knowledge of law by suggesting the other night that a "temporary chairman" be elected by the board of aldermen. Nobody but the mayor probably ever heard of a "temporary chairman" of a legislative board, and probably no one else ever heard of a law that prevents the board of works from giving the people what the city itself has long failed to give—better lights and more of 'em.

The democrats have always been crazy over office in Paducah and McCracken county, but this year is the first time the candidates for nominations as constable ever got out and chewed the rag over one of the 30-cent jobs. Saturday night the candidates from one country precinct are to have a "joint debate." It ought to be interesting.

Lexington, Ky., is to have the Bertillon system of measurement of criminals, and the appropriation for the fire and police departments this year will be \$90,250. Lexington is a much larger city than Paducah, however, and the valuation of property for taxation is about two or three times as large.

If the mayor wants to and can close a saloon with a license for running on Sunday, why can't he and want he close one that has no license, for running on Sunday? Has it come to such a pass that the city officials can't even close saloons that have no license to do business?

One of the first things done by the "plain clothes" men should be to discover for the taxpayers what became of that \$207,000 collected last year by the city. There is very little evidence of it in improvements or conveniences.

## Water Notice.

Patrons of the water company are reminded that their rents expired December 31st. Those who desire to renew their should do so before it is forgotten, as all premises not paid for on or before January 10th will be shut off.

## TWO WEEKS

## A Man Went Without Food, With His Throat Cut.

Corpus Christi, Tex., Jan. 12.—Two weeks without food or drink and with his throat cut from ear to ear and yet alive, with chances favoring his recovery, is the remarkable and probably unequalled experience of Noah F. Batten, a well-to-do contractor of this city. On the night of December 27, Batten disappeared. He was last seen seated in the rear of a store in this city in a dark and unfrequented part. The next morning a great pool of blood was discovered where Batten had been last seen. An unavailing search was kept up for the body. Yesterday morning laborers at Robstown heard a noise in a box car, and on opening the car were horrified to find Batten lying on the floor with two wounds in his throat, from which the blood had congealed.

He had remained in the car from the time he left here on the night of December 27, until found yesterday, without food or drink, as the seal of the car had not been broken.

He was given powerful stimulants and revived sufficiently to state that he was viciously assaulted by a man with a knife the night he was in Corpus Christi. Doctors state that he undoubtedly remained in a comatose state the entire thirteen days he was in the car, which fact prevented his famishing from thirst.

He is now in the city hospital, and, while his condition is critical, doctors state the chances are favorable for his recovery.

Nebraska Legislature Indorses President Roosevelt—California Elects a Senator.

## SEVERAL SENATORS SELECTED

## Against Revision.

Washington, Jan. 12.—A prominent member of the ways and means committee of the house says that a poll which leaders of the house had conducted of the Republican members on the question of tariff revision showed that 90 per cent of the members who had been approached were against revision.

## No Senator Elected.

Helena, Mont., Jan. 12.—The first joint ballot for United States senator resulted in no election. Ninety-five votes were cast, one member being absent and two paired, making 18, the number required to elect. T. H. Carter got within 11 votes of an election.

## Support the President.

Lincoln, Neb., Jan. 12.—In the Nebraska house yesterday the following resolution was adopted:

"Resolved That the house of representatives of the state of Nebraska in 29th session assembled, is in full accord with President Roosevelt's views dealing with corporations as outlined in his last message to congress.

And be it further resolved, that we request and demand that our senators and members of congress shall sustain the president and vote if necessary to increase the power and authority of the interstate commerce commission as conditions may require."

## Flint Chosen Senator.

Sacramento, Jan. 12.—Frank P. Flint (Republican) of Los Angeles, was elected U. S. senator to succeed Thomas R. Bard, whose term expires March 4, 1905. The Democratic vote of four in each house was cast for Congressman Theodore A. Bell.

## Defends Mormons.

Washington, Jan. 12.—Testimony intended to prove that Mormon morals is of the highest type and to refute the word of witnesses who have declared the contrary to be true, was offered by counsel for Senator Smoot yesterday.

W. J. McConnell, formerly United States senator from Idaho and twice governor of his state and representative Burton L. French, a member of the present congress, and re-elected for another term, both denied the statements directed against the Mormon church and its alleged interference in political affairs. Former Governor McConnell said the gentle members of the Idaho legislature have not as high morals as the Mormon members and that if it were not for questions of geography and knowledge of the legislative needs the interests of the state would be better served by an entire Mormon legislature.

## Indiana Caucus.

Indianapolis, Jan. 12.—Only 40 minutes were required by the Republican joint caucus last night to organize and nominate two candidates for the United States senate. Senator Albert J. Beveridge to succeed himself and Congressman Jas. A. Hemenway of Booneville to fill the unexpected term of C. W. Fairbanks, vice president-elect. Benjamin F. Shively of South Bend, and John W. Kern of Indianapolis, were named by the Democratic senatorial caucus as that party's candidates for the senate.

## To Prevent Polygamy.

Washington, Jan. 12.—It is expected a constitutional amendment will be proposed at the present session of congress prohibiting polygamy anywhere in the union, it being impossible to revoke the enabling act by which Utah gained statehood.

## Utah's Senator.

Salt Lake, Utah, Jan. 12.—At a joint caucus of Republicans of the two houses of the legislature last night, George Sutherland was nominated unanimously for United States senator to succeed Thomas Kearns, as there are only six Democrats in the legislature the nomination is equivalent to an election. The houses will ballot separately next Tuesday.

## IN THE COURTS

## Circuit Court.

The case of W. H. Bailey against the Southern Foundry Co. of Owensboro, is being argued this afternoon in circuit court, the evidence having been finished today shortly after noon. The case has been on trial for four days and is for \$5,000 damages for failure to deliver iron work here in time for the plaintiff to complete his government contract on the post office job.

The appealed case of H. Quante against John D. McEly was dismissed and settled.

## Won in Jeffersonville Court.

Attorney L. K. Taylor today received a decision of County Judge Gregory, of Jefferson county, in which he overrules the demurrer to the suit filed by Frank Lucas of Paducah, auditor's agent, against the Equitable Life Insurance Co. of Kentucky, as a state corporation, for taxes on \$4,000,000 personal property unassessed for the past five years. The defendant filed a general demurrer to the petition and the court overruled it, which means a victory for Lucas, as far as the county court is concerned.

## Given 21 Years.

Charles Downer, the negro arrested here by Officers Hurley and Nance last October, was yesterday at Greenville, Ky., given 21 years for killing a woman. Officer Hurley attended the trial as a witness and returned to the city last evening.

## Police Court.

Police Judge Sanders had but one offender before him this morning. Roscoe Washington, colored, who had a big pistol on him yesterday, was fined \$25 and given ten days in jail.

## County Court.

N. W. Van Culin this morning qualified as administrator of the estate of Robena Van Culin.

S. W. Ghoslon this morning qualified as a notary public.

## Deeds.

C. H. Brothers deeds to John H. Newman, for \$715, property in the county.

## BROKE ICE.

Suicide of a Well-Known Trimble County Farmer Who Married a Louisville Girl.

Milton, Ky., Jan. 12.—Atwood Bowman, a well-known Trimble county farmer, committed suicide by breaking the ice on the river and jumping into the stream.

No cause for the suicide is known as Mr. Bowman had appeared in the best of spirits.

He mounted his horse and started for Hunter's Bottom, three miles distant. About a mile out of town, it seems, he dismounted, and led his horse down to the bank of the river. Sticking his umbrella into the crusted snow, he pulled off his overcoat and placed it on the umbrella, with his hat on top of the coat.

Going out on the ice, Mr. Bowman then, with a large stone, broke a hole in the ice and crawled into the water, drowning himself.

The horse then proceeded, riderless, to the Bowman home, and was first seen at the kitchen door, something never known before. Mr. Bowman's family began a search, and followed the horse's hoof prints in the snow down to the very edge of the frozen river, where the suicide had taken place. The body was found under the ice close to the opening and was taken to the Bowman home.

## NO HANGING.

Pembroke Murderer Granted a Reprieve.

Hopkinsville, Ky., Jan. 12.—Gov. Beckham today granted a stay of execution until July 7th, in the case of George Holland, sentenced to hang here tomorrow for complicity in the murder of an unknown white man near Pembroke.

## CAN'T REMEMBER.

Heinz Has Forgotten His Assistants.

Butte, Mont., Jan. 12.—F. Augustus Heinz has concluded his testimony in a deposition taken before Notary George McDonald in the case of the Boston and Montana Mining Co. against F. Augustus Heinz and his mining companies for the alleged looting of \$6,000, joining the Minnie Healy mine, supposed to be owned by the Heinz interests.

Amalgamated attorneys made an effort to ascertain definitely the identity of those persons working the Minnie Healy property, but to questions concerning the officials or their operations Heinz either pleaded ignorance or said he forgot, declaring that Johnstown company had taken over the control of the Minnie Healy and that he was in absolute ignorance as to the identity of those comprising the Johnstown company.

## CANNING FACTORY.

Three Men Here Today Looking Over It and May Buy.

Messrs. Ralph Polk and Harry McCartney, of Greenwood, Ind., and S. S. Fix, of Mound City, Ill., are guests at the Palmer house, and are today being shown over the city by members of the Commercial club. It is understood that a deal is on for the purchase of the canning factory at Tenth and Norton streets, and that the gentlemen in the city today will purchase it. Mr. Polk is the main man in the deal.

The canning factory was established here several years ago.

## ARMY CANTEN.

Will Be Favorably Reported On In a Few Days.

Washington, D. C., Jan. 12.—The senate committee on military affairs today took up the consideration of the bill providing for a restoration of the army canteen. It is said the committee will report favorable and urge its passage.

## RED MEN LEAVE.

Delegation Went to Golconda by Train Last Night.

Otego Tribe, Red Men, of the city, sent a delegation to Golconda, Ill., last night for the purpose of initiating a new lodge. The new lodge was organized recently with 38 members and they were all initiated last night. Following the initiation a big banquet was served and the local delegates report an excellent entertainment.

Among those who went from Paducah were Messrs. Clarence Householder, C. E. Whitesides, L. L. Bebout, J. J. Freundlich, A. W. Barkley, John Porteous, Robert Richardson, Martin and Tom Yopp, George Ingram, Melvin Wallerstein, D. A. Cross, Tom Evitts and several others.

The party intended going by boat, but could not get a boat and took the I. C., changing at Reevesville, Ill., for Golconda. The delegation left at 4:30 yesterday afternoon and returned at 11 o'clock this morning. The name given the new lodge is "Anick" Tribe No. 237.

## HEAVY FINE.

For Drawing a Pistol On a Union Striker.

Newport, Ky., Jan. 12.—Frank Shanley, superintendent of the Newport Iron foundry, where a strike is in progress, during which many men have been injured, was convicted in Judge Moore's court on the charge of drawing a revolver and threatening the life of George Knarr, a union molder, because he interfered with strike breakers. Judge Moore imposed the full extent of the law—\$100 costs and thirty days in jail. He was locked up, but was shortly after released on an appeal to the circuit court.

#### BELETED DOPE.

Cairo Tells Why There Must Be Changes.

The Cairo Bulletin gives as a reason why the Cairo management does not intend to go into a league with Hopkinsville, Clarksville and Henderson without changes in the constitution, the following table:

Cairo paid to Paducah \$1,064.76; to Hopkinsville, \$790.10; to Clarksville, \$733.92; to Vincennes, \$590.90; to Henderson, \$450.00; Paducah paid to Cairo \$889.76; Vincennes to Cairo \$452.30; Henderson to Cairo, \$383.95; Clarksville to Cairo, \$294.93; Hopkinsville to Cairo, \$240.

The comparison shows that Cairo paid the other towns about double what the other towns paid her. The same is true of Paducah.

It is probable that Holycross, formerly of the Cairo team, drafted into the New York Americans, and Bonno, who was sold to Newark, N. J., will be on the Toledo, O., team this year. Goodwin, of Vincennes drafted by Pittsburg, will be farmed to Toledo and it is said on good authority that Finn is trying to get all three for the season.

#### GIANT TREE

Located Near Mound City, Ill., Below Paducah.

Down in Pulaski county, Illinois, near Mound City, between Paducah and Cairo, there is a cottonwood tree that comes up with the average tree of California. On the river shore, near the Peter Burgess property, near America, stands a tree in a small gorge that measures 39 feet in circumference and 13 feet in diameter. This tree can hardly be seen from the road and there are few people who have seen it. Think of it, Pulaski county being now on a level with California in tree raising. A tree this size if hollowed out would make a comfortable dwelling for a bachelor. Citizens who are proud of their county are making much over this tree. It would be a delightful time indeed spent under this magnificent tree some pleasant sunny day when nature holds high revel and a gentle breeze would rustle through its great branches. An ideal spot for a party to spend the day in the woods and gather under the great tree to partake of their basket luncheon.

#### FEW RAISES

Being Made by the City Tax Book Supervisors.

The city supervisors are working hard, but have "just got a good start," to use the expression of one supervisor.

They are getting down to hard work and will be busy for many weeks longer. It seems from reports that like the county board the raises will be much lighter this year than last, if the work so far done is an example.

#### Wants to Go to Macon.

Red Gilligan who "blowed" into Paducah several months ago en route west on his annual tour of the country, is still here and says he likes the town. Red wants to go to Macon, Ga., this season and is making strenuous efforts to secure his release from the Hopkinsville club, but has so far been unsuccessful. He has a contract to sign with the Macon team but has not done so because he is reserved.

#### Ran Down Hill.

This morning a horse pulling one of the big Southern Express Co. wagons ran down the levee at Broadway and spilled one bucket of oysters. The horse started straight down the levee, but turned near the water and strange to say did not turn the wagon over or spill anything but the one bucket. The horse frightened at a switch engine.

## ALL DAIRYMEN

MUST HAVE A PERMIT TO SELL MILK.

None Can Be Issued Until They Procure a License and the Deadlock Prevents License.

Milk and Meat Inspector C. G. Warner stated today that the law required all milk men to come to him for a permit to sell milk after they had procured a license from the city and that he intended to see the law enforced.

He stated that several milk men had come to him already but no permit was issued to sell milk because the license had not been procured. The deadlock in the upper board delays the issue of license but the milk men, as merchants, saloon men and others, are permitted to go ahead and sell until the board can act on the license.

Inspector Warner stated that he was pleased to see the increase in purity of the milk sold in Paducah. When he began publishing lists of the different dairymen and the standing in purity of their wares, the per cent of butter fat was 3 2-10 and now it has increased to 6 per cent generally.

He also finds the butchers selling pure, clean meat and has no trouble with the men he deals with in his official capacity.

## NEW COMMITTEE

WILL HAVE PLENTY OF REPORTS TO LOOK OVER.

Will Merely Try to Outline the Coming Year's Apportionments.

The finance committee appointed by the mayor to outline plans for the apportionment ordinance tonight, will be presented with a statement of the amount spent last year along with the figures furnished by the heads of the departments for running expenses this year so that the committee can take what action it sees fit in regard to fixing the amounts.

"This committee," Mayor Yeiser explained, "is, of course, not the regular finance committee because we have none, and if its work is not satisfactory, of course, we can't force it to be accepted, but I talked the matter over with several councilmen and aldermen who want to get the ordinance in some form for passage so we will be delayed as little as possible."

It is understood all reports from the departments will be in by night.

### MUCH INTEREST

Taken in the Work of the New Detectives.

A great deal of interest is taken in the work of the new "plain clothes men" on the police force, but so far they have done nothing to give out for publication.

The work of these men has to be kept a secret and until they make a catch, no one will know what they are working on. There are many petty thefts and other criminal acts committed in and about town for the detectives to inquire into.

### To Be Repeated Jan. 20.

Friday evening the 20th the High School Dramatic club will repeat the play "Ice On Parle Français" with several new features in the way of drills, etc. The program as previously carried out, will be carried out again but some new feature will be added to make the entertainment more pleasing.

### Goes Into Business.

Mr. Pete Duperrieu has bought out the tailoring business of Mr. Sam Washington over the Smith Pharmacy at Fourth and Broadway and will shortly open up his business. He is a well-known young man and has worked here for several years.

### Looking For Fugitives.

Local police have received notice that Bud Allen, colored, has skipped his bond in Brookport, Ill., and is in Paducah, probably, waiting to get further away. The local officers are on the lookout for him.

## THE PADUCAH BANKING COMPANY

Solicits deposits be they ever so small.

## LIVELY TIME.

Kentucky Negro Heard How Easy Cairo Was and—

A negro giving his name as Zachary Crump, of Cadiz, Trigg county, Ky., left Paducah yesterday on the Dick Fowler for Cairo. He had probably heard how easy the people in Cairo were, and while he did not expect to be able to inspect any cash registers, he did think he could pick up a pistol or two cheap.

He went to Ben Michael's pawn shop—Ben used to be from Paducah, and the negro probably did not know it—and asked to see some pistols.

He selected a fine Colt's, loaded it and lit out. The only kind of "dust" he intended to give up for that gun was heel dust.

Four policemen, possibly thoroughly awake after several cries off "stop thief," had echoed down the deserted streets, gave chase and the fugitive and his pursuers fired several shots. As they shot at each other, no one was hit. The negro was overhauled in a brush pile some distance away and after the pistol had been recovered, was put in jail to await trial.

### Notice in Bankruptcy.

### ROUGH HANDLING.

Dining Car Hit Several Times With Stones.

Dining car No. 741, which comes through Paducah from Princeton to Fulton, has been receiving rough treatment lately.

First it broke an axle and Tuesday night near Pryors or Boaz Station, south of Paducah, some one threw a rock through a window. Last night the rock was duplicated at Little Cypress, the rock going through both windows but fortunately not striking any one.

The I. C. secret service men are working on the case and hope to apprehend the culprit.

### The February "Smart Set."

Readers of The Smart Set have learned to look for the complete novel that appears in each issue of that magazine. "The Eavesdroppers," by Arthur Stringer, will prove one of the sensations of the year. The story deals with the careers of two daring criminals—a man and a woman—whose astonishing adventures the reader follows with breathless interest. From the very opening sentence the tale becomes one of rapid and exciting incident, and, moreover, it is written with that literary distinction which, always characterizes Mr. Stringer's work. Different as "The Eavesdroppers" is from such fiction as "In the Bishop's Carriage" and "Raffles," it combines all the interest of those stories with a movement and intensity entirely its own. It is a notable achievement for the author, and will prove a notable novelette in The Smart Set's long list of successful stories.

### Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with Lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." 25c, 50c and \$1.00. Sold by DuBois, Kolb & Co.

## W. M. JANES

ROOM 5  
TRUEHEART BUILDING  
PADUCAH, KY.

# Cardigan

By ROBERT W. CHAMBERS

Copyright, 1901, by ROBERT W. CHAMBERS

I heard him greet them with a hearty "God save our country!" Then he disappeared in the crowd, but presently came striding back, rifle on shoulder, followed by an ostler with a stable light.

"The militia have been yonder under arms since midnight," he said. "A messenger rode in ten minutes since with news that the road was clear and no British coming. We can get a post chaise here." He nodded toward the ostler, who stood swinging his lamp in one hand and his firelock in the other.

As we threaded our path through the crowd of men and boys I noticed that all were armed with rifles or old time firelocks and some even with ancient blunderbusses and bell muzzled matchlocks. They appeared to be a respectable company, mostly honest yokels from the village, clad in plain homespun. A few wore the militia uniform. One or two officers were dressed in the full uniform of the Third Suffolk regiment.

A servant, wearing a pistol in his belt, brought us bread and hot stir-about in a great blue bowl. This dry fare we washed with ale, Silver Heels tasting a glass of madeira to warm her chilled body.

It was a silent, thoughtful repast. Mount, sitting close beside the Weasel, urged the old man to eat, and he did so, with dazed eyes fixed on space.

One thing I began to notice—the no longer watched Silver Heels with that humble, devoted, hungering mien of a guardian hound. He scarcely appeared to be aware of his presence at all. Once only he spoke, asking what had become of his rifle, and Mount, eager and hopeful, brought his own rifle to the stricken man. But the Weasel had already forgotten what he had asked for, and he glanced at the weapon listlessly, his hands folded before him on the cloth.

Presently Foxcroft went to the stables to see that our post chaise was well provisioned for the journey, and Mount led Renard away to watch the feed bags filled for our horses' provender.

Silver Heels, still wrapped in my riding cloak, laid her slim hand on my arm, and we walked together to the tavern porch.

The road from Boston divides in front of the meeting house, forming two sides of a grassy triangle, on the base of which stands the meeting house, facing down the Boston road. Near this village green a few armed men still lingered in the faint light of dawn, conversing in low voices and glancing often down the deserted Boston road.

Faintly came the far cry through the misty chill: "The British are coming! The British are coming!"

At that same moment our post chaise lumbered around the corner of the tavern yard and drew up before us. Mount acting as postboy and Foxcroft and the Weasel riding together in the rear.

Mount apprehended the situation at a glance. He motioned me to place Silver Heels in the chaise, which I did, with my eyes still fixed on the foggy Boston road.

"Is it a false alarm?" inquired Foxcroft anxiously as a few of the militia came running past our chaise. "Ho, Harrington! Hey, Bob Monroe! Is it true they are coming, lads?"

Harrington and Monroe, whom I had met in Boston at the Wild Goose, waved their arms to us and called out that it was doubtless true.

"Which way?" cried Foxcroft, standing up in his stirrups.

But the militia and minutemen ran out without answering and joined the line which was slowly forming on the green, while an old Louisburg drum rolled, vibrating sonorously, and the life's shrill treble pierced the air.

"Cardigan, which way are they coming?" cried Foxcroft, still standing up in his stirrups. "They say there are redcoats behind us and more in front of us!"

"Do those ragged rascals mean to face a British army?" exclaimed Mount.

"Turn your horses, Jack!" I said, holding Warlock by the head. "Turn back toward Concord!"

"There's redcoats on the Concord road!" cried a woman, running out of a house close by. I saw her hurry across to the village green, carrying a sack of home-molded bullets.

I hung myself astride Warlock, wheeled the restless horse and ranged up alongside Mount.

"Can we not take the Bedford road?" I asked anxiously.

"They say the British are betwixt us and the west," replied Mount. His eyes had begun to burn with a steady, fierce light; he sat astride the off horse, cocking and uncocking his rifle.

"Then we should make for the Boston road!" I said impatiently. "We can't stay here."

"Look yonder!" broke in Foxcroft excitedly.

Out in the Boston road, in the gray haze of dawn, trotted a British officer, superbly mounted. The pale light glimmered on his silver gorget, the gold on his sleeves and hat sparkled. Straight on his heels marched the British infantry, moving walls of scar-

let topped with shining steel, rank after rank, in magnificent alignment.

"Halt!" cried a far voice. The red ranks stood as one man. An officer galloped alongside of the motionless lines and, leaning forward in his saddle, shouted to the disordered group of farmers, "Stop that drum!"

"Fall in! Fall in!" roared the captain of the militia. The old Louisburg drum thundered louder yet.

"Prime! Load!" cried the British officers, and the steady call was repeated from company to company and yet to companies unseen, far down the Boston road.

We had scarcely succeeded in reaching the corner of the yard, and the body of the chaise was now safe from bullets, when a British major galloped into the green, motioning violently to the militia with his drawn sword.

"Disperse! Disperse!" he called out angrily.

"Stand your ground!" roared the militia captain. "Don't fire unless fired upon! But if they mean to have a war, let it begin here!"

"Disperse!" shouted the British major. "Lay down your arms! Why don't you lay down your arms and disperse?"

A shot cut him short. His horse gave a great bound, backed, lashed out with both hind feet, then reared in agony.

"They've shot his horse!" cried Foxcroft.

"Tis his own men, then," broke in Mount. "I marked the smoke."

"Disperse!" bellowed the maddened officer, dragging his horse to a standstill. "Disperse, ye rebels!"

Behind a stone wall a farmer rose and presented his firelock, but the piece flashed in the pan. A shot rang out, but I could not see who fired.

Far down the Boston road the solid front of a second British column appeared.

Already some of the minutemen were quitting the single disordered rank on the green, which still wavered, facing the regulars, but their captain clung in front of his men and the drummer still drummed his hoarse challenge.

Then a British officer fired his pistol from the saddle, and before any one could move or lift a finger a bright sheet of flame girdled the British front, and the deafening roar of musketry shook the earth.

I galloped to the chaise and jerked the horses back, then wheeled them westward toward Bedford, where the remnants of the militia were sullenly falling back, firing across at the British, now marching on past the meeting house up the Concord road.

"No! No!" cried Foxcroft. "We cannot risk it! Stay where you are!"

"Look at the Weasel!" muttered Mount, jerking my arm as my horse ranged up beside him.

The Weasel was hastily climbing out of his saddle, rifle in hand.

"Cade!" quavered Mount. "Cade, old friend, what are you doing?"

"Come!" cried the Weasel briskly. "Can't you see the redskins?"

"Redcoats! Redcoats!" cried Mount anxiously. "Where are you going, Cade? Come back! Come back! They can't hit us here! Redcoats, Cade, not redskins!"

"They be all one to me!" replied the Weasel briskly, scuttling away to cover under a tuft of hazel.

"Bang!" went the Weasel's long rifle. A redcoated soldier on the Concord road dropped.

"He's done it! God help us!" groaned Foxcroft.

"Hold those horses!" said Mount desperately. I seized the leaders. Mount slipped from his saddle to the ground and ran out to the long dead grass behind the meeting house. I could see him catch the Weasel by the arm and attempt to draw him back by force, but the mad little creature clung obstinately to his patch of hazel.

As Mount turned I saw the entire British column marching swiftly up the Concord road, a small flanking party thrown out on the right. The Weasel also saw the troops and made haste to level his rifle again, but Mount fell upon him and dragged him down into the marsh grass.

From the Bedford road our militia fired slowly across at the fast vanishing troops on the Concord road. The British flanking party returned the fire, but the main column paid no heed to the shots and pressed on in silence.

Both the Weasel and Mount were now deliberately firing at the flanking party, which had halted on a bit of plowed ground and seemed to be undecided whether to continue their march or return and punish the two footsore riflemen whose bullets had already knocked one big soldier flat on his back across the fresh furrows.

All at once six redcoated soldiers started running toward Jack Mount and the Weasel. I shouted to warn the infuriated men. Silver Heels caught my arm.

"I cannot leave them there!" I stammered. "I must go to them!"

"Foxcroft will guard me!" she murmured. "Go to them, dearest!"

"Foxcroft, hold these horses!" I cried, flinging Warlock's bridle to him

## Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used, and the baby was born easily before the doctor arrived. It's certainly great."

and slipping out of my saddle. Rifle at hand, I ran across the road, leaped the fence and plunged into the low bushes. Over the tops of the bushes I could see the soldiers coming toward us, muskets half raised, scanning the cover for the game they meant to bag, thrusting their bayonets into bushes, beating the long grass with their gunstocks to flush the skulking quarry for a snap shot.

Without warning, Mount rose, then sank to the ground as a volley rattled out, and instantly we three ran forward, bent double. In a moment more I sprang up from the swamp grass beside a soldier and knocked him flat with a blow from my rifle stock. Mount shot at another and missed him, but the fellow promptly threw down his musket, yelling lustily for quarter.

The four remaining soldiers attempted to load, but the Weasel tripped up one, with a cartridge half bitten in his mouth, and the other three were chased and caught by some Acton militia.

When the Acton men returned with their prisoners the soldier whom I had struck was sitting up in the swamp grass, rubbing his powdered head and staring wildly at his sweating and anxious comrades.

"That's the fellow who murdered Harrington!" said one of the militia and drew up his rifle with a jerk. "Use those prisoners well or I'll knock your head off!" roared Mount, striking up the rifle.

An officer of minutemen came up. His eyes were red, as though he had been weeping.

"They butchered his brother behind the red barn yonder," whispered a lean yokel beside me. "He'll hang 'em, that's what he'll do."

"You will treat them humanely?" I asked as the officer passed me.

He gave me a blank glance. The tears again had filled his eyes.

"Certainly," he said shortly. "I am not a butcher."

I gave him the officer's salute. He returned it absently and walked on, with drawn sword and head sunk on his tarnished brass gorget.

A restless, silent crowd had gathered at Buckman's tavern, where two dead minutemen lay on the porch, stiffening in their blood.

I ran toward the post chaise, rifle on shoulder.

## Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

MRS. JOHN SMEDLEY, 806 S. Third St.

This is to certify that I believe the Shoffner's Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

## THE COMBINE

IS BUYING UP LAND IN KENTUCKY AND INDIANA.

Its Latest Acquisition Is the Utopia Mine Near Henderson, Kentucky.

Henderson, Ky., Jan. 12.—The largest deal in coal lands ever consummated in the bituminous district of this end of the state has been closed by the Monongahela Coal and Coke Mining Co., of Pittsburgh.

Included in the list of properties that have been purchased by this company is the Utopia mine at Utopia, Ky. By the terms of this deal the company acquires all the holdings of the Utopia Coal Mining Co.

A vein of coal seven feet lies 265 feet under all the land bought by them. For several years this company has been branching out. They claim the coal supply of Pennsylvania is fast being exhausted and that the coal properties nearer south will some day be more valuable than the famous coal fields of their own state.

Operations will begin in the early spring for sinking several shafts. Each one will be sunk on Green river so the coal may be easily loaded on barges.

They have placed contracts for new towboats and by the first of next year expect to be in readiness to ship Green river coal to the southern markets.

A few years ago this company tried to buy up practically all the mineral lands on Green river but the Spottsville mine refused to sell. After repeated efforts to buy the company finding it was useless purchased all the mineral rights except the Spottsville property.

Simultaneously with this announcement news is received from Evansville of a corresponding deal in the Indiana field.

## PROF. LOSIER.

Former Paducah Man to Be Postmaster at Jackson, Tenn.

A lively fight is on at Jackson, Tenn., for the postmastership. Mr. F. R. Bray, father-in-law of Mr. George Walters, of the Sun, is at present postmaster, but on account of ill health, was not an applicant for reappointment.

A Washington dispatch to the Memphis Commercial-Appeal says that Mr. J. J. Losier will be appointed.

Prof. Losier will be remembered in Paducah as a former superintendent of the public schools here.

The Washington dispatch says: "It is probable that the fame of Joseph J. Losier will be sent by the President to the senate tomorrow to be postmaster at Jackson, Tenn. The Commercial-Appeal correspondent was authoritatively informed today that Losier has been recommended by Representative Brownlow for appointment."

"Assistant Secretary Barnes stated today that dozens of letters were received daily at the White House from solicitors of friends of aspirants to the postmastership. A number of names were proposed to Postmaster General Wynne. He said if the appointment had gone to a democrat that Capt. H. P. Farrar would have been selected."

## TO GIVE BOND.

Secretary and Treasurer of K. I. T. Will Furnish \$1,000 Bonds.

The Vincennes Capital says: "The secretary and treasurer of the league next season will each be required to furnish \$1,000 bond, and the affairs of it, which in some quarters were poorly conducted last season, will be handled in a much more business-like way. The secretary will not be allowed to permit clubs to be behind in payments, as was the custom last season, and all transactions must be cash. Passes will also be less numerous than ever before and players will be compelled to obey rules and conduct themselves as gentlemen on and off the fields. As was the custom last year, betting will not be allowed on the grounds and no liquor can be sold or drunk on them. Attempts will be made to keep the salary limit under \$800 a month, and no violations of any part of the constitution will be tolerated. The league is to be run as if it were a private business, and its affairs conducted in the best manner possible."

The No. 2 fire department was called to the residence of Mr. Bamberg at 1225 South Sixth street this morning about 6:30 o'clock by an alarm caused by the burning of soot in the flue. No damage was done.

Senator J. Wheeler Campbell and Representative W. C. Clark, of Paducah, waited too long to start for Frankfort to get there in time for the opening of the legislature today. They were to have left at 1:20 o'clock last night, but it was over two hours late.

After they started, the train was again delayed two or three hours behind a wreck near Dawson, putting them into Louisville nearer noon today than for breakfast. Had the train been on time they could have made connection at Louisville for Frankfort, but they will now not reach Frankfort until tonight.

## Scandal Mongers Cause Death.

Burley McGowan, a slip of a girl only sixteen years old, took her own life up in Indianapolis the other day, to prove how baseless the slanders were that had been circulated against her. She was as sweet and pure as the driven snow, but she could not escape the shafts of the slanders, and as a matter of course she was the last to hear of their foul gossip. When she received an inkling of what was being uttered against her fair name, she demanded of a friend to be told all that had been said. And when she heard it her heart broke.

Half-crazed, she went to a drug store, bought poison, wrote a note asking that an autopsy be held to prove her purity, went to her home, swallowed the fatal drug and died. The autopsy was held and her purity,

innocence and maidenhood vindicated. The poor little girl died, to prove her virtue.

But what about the miserable scandal-mongers who murdered her? For they were as directly the cause of her death as if they had put a bullet through her heart. The infamous gossips who started the rumors, who made a mountain out of a mole-hill, killed the girl. The gossips who murdered Burley McGowan may have been members of the same church in which she was one of the most noted workers for her years, but even a sister cannot escape the slime of the slanderer. I have often thought that if there is a literal hell, the hottest spot in the southwest corner should be reserved for the social slanders, and a window should be left open so that a northeast wind could blow hot ashes in their eyes. —Mt. Carmel Register.

## THE SUPERVISORS.

County Board Is Not Making Many Raises.

The county supervisors have finished about one-third of the work of revising the tax books and report that the raises will not be anything like they were last year.

"We are not making many big raises," one supervisor explained, "and I don't think the total raise when we have finished will amount to anything like it did last year when we raised the county assess-

ment nearly half a million dollars. Farmers kick over a raise of \$100 but when we explain that the increase only serves to raise the value of the property and makes it possible to sell a great deal easier, when the property holder wants to sell, they generally stop complaining."

**Where Brockett Is Wintering.**  
 Louis Brockett, the former Cairo twirler of the K. I. T. league, who graduated into the Eastern league and is with Buffalo, is spending the winter season on a farm near Brownsville, Ill., on the Big Four railroad. The life on a farm was chosen by Brockett in preference to spending the winter indoors allowing his muscles to get soft and flabby and surplus flesh to accumulate. He is rugged, hale and hearty and will be in the pink of condition when the 1905 season opens.

## Letter Moving Day

Is the time when the office boy feels his importance, by being called upon to assume the weight of the past year's correspondence. He is in luck if his employer is conversant with the Globe-Wernicke filing devices, transfer cases and indexes, for then his job is a comparatively easy one. We invite your attention to our office display during the month of January as we have made a special effort to have a full line of these goods, thereby saving you any annoyance from delays in delivery. Our goods are always carried in stock because there is a constant demand for them, but now is your opportunity to make a selection.
